## COUNCIL WILL OVERSEE WORK

Curbing and New Pavements will  
not be Let by Contract. Highway  
Committee to Have Charge of  
Work. Talk of Streets.

Adopting the report of a specially  
appointed committee the town council  
on Wednesday evening decided to  
reject all bids for the concrete pave-  
ment curb and gutter work in the bor-  
ough and two have it done "by the  
day," according to the specifications  
of the borough engineer, under the  
direction of the Highway Committee.

The work will be started in a few  
days and will include the construction  
of concrete curb on the south side of  
the second square of Chambersburg  
street; on the south side of Railroad  
street between Washington and Car-  
liste street and on the east side of the  
first square. It is proposed to have  
all this work done as quickly as possi-  
ble before frost interferes. The erection  
of a bridge over the Tiber on West  
Middle street is also planned.

The curbs around the Square will  
have steel edge in order to protect  
them from damage from the market  
wagons. The curbs on the other streets  
will not be so protected except where  
property owners request it. Property  
owners pay two thirds of the cost of  
the curbs in front of their properties,  
according to a recent law.

This is one of the largest pieces of  
work which the present council has un-  
dertaken and will mean a great deal  
in the advancement for better pave-  
ments in the town. The paving of  
the two corners of the square with con-  
crete is, in itself a big step in that  
direction while the uniform curbs will  
be an incentive to property owners to  
lay concrete. It is known now that a  
number of property owners on the  
south side of the second square of  
Chambersburg street will lay concrete  
as soon as the curb is in. This, too,  
will obviate all grade difficulties  
where the curb is put in.

At the special meeting held Wednes-  
day evening the condition of the bor-  
ough streets was discussed informally.  
Councilmen pointed out the severe  
wear upon the principal streets due to  
the heavy traffic during the summer  
months and it was stated by several  
members and the borough engineer that  
no macadam—not even the battlefield  
avenues—would stand up under such a  
vigorous test. Paving was agreed to be  
the only way of permanently re-  
medying conditions. The council in  
referring to dissatisfaction with its  
work on the streets spoke of the small  
proportion of the income during the  
year which could be devoted to work  
on the streets after all other necessary  
expenses had been paid and intimated  
that more than was reasonable was ex-  
pected.

No action was taken but the general  
opinion seemed to favor the paving of  
a small portion—probably a square—  
each year, feeling that such a system  
would ultimately give the town desir-  
able streets.

A letter was received from Colonel  
E. B. Cope saying that the National  
Park Commission was ready to proceed  
with the opening of the alley in the  
rear of East Middle street across East  
Confederate avenue as soon as rights  
of way had been secured by council.

An invitation to the unveiling of  
the Barnard statue at the State Cap-  
itol was read and council adjourned to  
its next regular meeting night, Octo-  
ber 3.

## TWO HUNDRED DELEGATES HERE

Twelfth Annual Convention of Adams  
County Sabbath School Associa-  
tion Opens. Almost Thirteen  
Thousand Members Represented.

Two hundred strong, the delegates  
from the county Sunday schools ar-  
rived in Gettysburg today for the twelfth  
annual convention of the Adams  
County Sabbath School Association  
now in session in the College Lutheran  
church. With the representatives from  
all parts of the county came a number  
of state workers and those connected  
with the administration of affairs in  
the county organization.

The visitors were met by a reception  
committee and taken to the College  
Lutheran church where they were en-  
rolled. Eleven Gettysburg men gave  
the use of their machines for the ac-  
commodation of the delegates, C  
William Beales, John W. Brehm, Jacob  
G. Slonaker, Roy Wentz, Howard C.  
Hartley, Harry Snyder, Edgar A.  
Crouse, Charles S. Duncan, Murray  
E. Long, E. P. Miller and William  
H. Johns. The machines were decorated  
with pennants bearing the initials  
S. S. C.—Sunday School Convention—  
while the reception committee wore  
badges and red and white ribbons.

Following enrollment the delegates  
again entered the automobiles and were  
taken to their places of entertainment.  
Gettysburg people responded quickly  
to the request of the local committee  
for accommodations for the delegates  
and many homes have them as guests.

The first session of the convention  
opened this afternoon at half past one  
with a good attendance and with in-  
teresting addresses and impressive ser-  
vice.

The officers of the county associa-  
tion are: president, Rev. John Jay  
Hill, Littlestown; treasurer, H. T.  
Weaver, Gettysburg; corresponding  
secretary, Miss Lily Dougherty, Get-  
tysburg; recording secretary, Miss  
Margaret Sherrick, Gettysburg. The  
department superintendents are Teach-  
er Training, Rev. Prof. C. F. Sanders,  
Gettysburg; Home Department, Rev.  
Charles Dalzell, Fairfield; Elementary  
Department, Mervin Wintrod, Lit-  
tlestown; organized Adult Bible  
Class, H. E. Bair, Hanover.

### CONVENTION NOTES

An attractive souvenir hand book  
has been issued for delegates attending  
the convention. In addition to the  
program it contains the reports of the  
officers for the past year and other in-  
formation of value.

The total number of Sunday School  
scholars enrolled in the various county  
Sunday schools is 12877. In addition  
there are 539 enrolled in the Home De-  
partment and 947 on the fifty cradle  
rolls.

The attendance of delegates is at-  
tracting to the convention church a  
large number of town people. The  
evening sessions are specially attrac-  
tive to delegates as well as to others not  
actively connected with the work of  
the convention.

The twelfth annual convention pro-  
mises to eclipse in every way any

## KICKED ON HEAD BY HIS MULES

Mountpleasant Township Farmer  
Has Ugly Experience with Team  
of Mules. Runaway in New Ox-  
ford and one here.

George Shelleman, residing about  
two miles north west of New Oxford,  
in Mountpleasant township, was kick-  
ed in the head several times by his  
mules while working in the field Tues-  
day morning.

Mr. Shelleman had two mules hitch-  
ed to a grain drill in the field when a  
dog sprang over the fence and fright-  
ened the animals. Mr. Shelleman in  
his efforts to quiet the mules, was  
knocked down and kicked several times  
on his head by the mules' hoofs, and  
sustained two gashes on top of his  
head about 1 1/2 inches in length to  
the skull. He also had a large gash  
cut in one of his hands by being struck  
by the drill, besides a number of bad  
bruises about his shoulders and legs.

The mules ran to the barn with the  
drill, but no damage was done. While  
Mr. Shelleman's injuries are very  
painful no serious results are antici-  
pated. It was quite fortunate that he  
was not caught under the drill and  
dragged over the rough ground.

Tuesday morning huckster Wm. N.  
Hulick, left his horse attached to a  
spring wagon, stand unattended in  
front of the New Oxford postoffice  
while he went into the office for his  
mail. The animal took fright at some  
object and ran away, passing around  
the Square. The animal ran into the  
team of Dr. J. L. Sheets, tied in  
front of his office, completely demolish-  
ing one rear wheel and badly damag-  
ing another of the doctor's buggy.  
The Hulick wagon was turned com-  
pletely upside down and the horse  
thrown to the ground. Mr. Hulick's  
wagon was only slightly damaged and  
the harness somewhat broken.

Teams of John E. Pitzer and Max  
Williams both without drivers ran  
away from the Western Maryland de-  
pot Wednesday afternoon. The Wil-  
liams photography wagon had a wheel  
broken and the body slightly damaged  
but no other harm was done.

## PRESIDENT ENDS KANSAS TRIP

Greeted by Three Large Audi-  
ences on Last Day.

## RECEPTIONS PLEASED HIM

Issues Statement Congratulating Peo-  
ple on Their Prosperity — Thirty  
Thousand Children Welcome Him.

Leavenworth, Kan., Sept. 28.—Presi-  
dent Taft ended his four days' visit to  
Kansas with speeches to three of the  
largest audiences that he has had in the  
Sunflower state.

There was a G. A. R. reunion meet-  
ing in Topeka and a county picnic at  
Atchison, so that the president was kept  
away from politics, except for his  
final address to a crowd in the pub-  
lic square of Leavenworth. Here he  
discussed the tariff.

Mr. Taft, just before leaving, issued  
a statement thanking the people of  
Kansas for their kindly reception. Here  
is the president's message to the  
Kansans:

"I am sincerely grateful to the peo-  
ple of Kansas, not only for the warm  
welcome which they extended to me  
as president of the United States, but  
for the kindly attention which they  
gave to what I said. I found the in-  
telligent women and men of Kansas  
looking prosperous, happy and con-  
tented and congratulate them on the  
evidences thereof that abounded on  
every hand."

Mr. Taft has now traveled through  
four congressional districts of the  
eight in Kansas. Two of these were in-  
surgent districts admittedly so even  
in Kansas, and two of them were  
ranked as stand-pat, having returned  
their old congressmen after hard fights  
in the primaries during the heyday of  
insurgency in this section of the coun-  
try. It is admitted by his enemies  
that the president has covered a rep-  
resentative portion of the state in his  
visit. His audiences have been larger  
than the average in the friendly states  
through which he passed. The presi-  
dent's first day in Kansas was a sur-  
prise to every one. The reception did  
not abate in numbers through the en-  
tire four days' trip in the state.

Forty thousand people packed into  
the public square before the state cap-  
itol at Topeka, where the president  
spoke at the G. A. R. reunion. Mr.  
Taft was obliged to go from one cor-  
ner of the big platform to the other  
in order to satisfy the crowds that  
banded the platform on every side.

The picnic and reception at Atchison  
was the most picturesque of the  
four days of his visit here. Balie Was-  
gener was the host of the children of  
the county, and the president accepted  
the invitation to become a part of their  
show. There were over 30,000 children  
and grownups on the side of a hill to  
hear the president. But some one told  
the children to blow the tin horns  
when the president came, and they  
didn't quit until he was away out of  
town. Balie tried to make a speech  
and the president tried also, but they  
carried him to the horns and stood up  
amid the din to receive the barbaric  
plaudits of the youngsters. It was a  
conning reception certainly, even  
though it was another in which the  
Kansas politicians found that politics  
had been excluded.

In Leavenworth the president had  
the most noisy reception of the day.  
They brought out the show cavalry  
from Fort Leavenworth and several  
bands and gave the president a fine  
parade. It was close to 100 degrees  
where the president discussed the  
tariff before an immense audience in  
a public square. It was another Kan-  
sas audience that stood quiet and at-  
tentive while the president went over  
the tariff with them. The most per-  
sistent criticism that has been leveled  
at the president during his visit has  
been that he has wasted his audience  
and has not discussed politics as of-  
ten as he might.

## COURT RESTRAINS RAILROAD STRIKERS

Seeks Injunction Under Sherman  
Anti-Trust Law.

Memphis, Tenn., Sept. 28.—Asking  
that strikers be restrained from tres-  
passing on railroad property, the Illi-  
nois Central and Yazoo & Mississippi  
Valley railroads petitioned the local  
federal court for an injunction. A tem-  
porary restraining order was issued  
by Judge McCall.

The petition for injunction is  
brought under the Sherman anti-trust  
law, and alleges interstate commerce  
is impeded by the striking clerks and  
shopmen in Memphis in seeking to  
persuade persons from taking service  
with the railroads. Instances are cited  
of loss of freight and damage to per-  
ishable freight, due to interference by  
strikers.

Practically every railroad clerk em-  
ployed by the Illinois Central railroad  
south of the Ohio river is on strike,  
reinforced by more than 200  
shopmen at Memphis.

The firemen and sheet metal work-  
ers employed in New Orleans by the  
Illinois Central railroad went out on  
strike in sympathy with the striking  
clerks of that road. A total of 410 men  
walked out.

the taste, but gently cleansing and sweet-  
ening to the system, Syrup of Figs and  
Elixir of Senna is particularly adapted  
to ladies and children, and beneficial in  
all cases in which a wholesome, strength-  
ening and effective laxative should be

perfect family laxative which gives satis-  
faction to all and is recommended by  
millions of families who have used it and  
who have personal knowledge of its ex-

Its wonderful popularity, however, has  
led unscrupulous dealers to offer imita-  
tions which act unsatisfactorily. There-  
fore, when buying, to get its beneficial  
effects, always note the full name of the  
Company—California Fig Syrup Co.—

germs and by so doing removes in a short  
time the cause of dandruff, falling hair,

they prevent the hair from receiving it's  
proper nourishment by ravenously de-  
stroying the same nourishment. Use

OF TYRONE TOWNSHIP

A Logical Candidate for the Office of Clerk of the Courts

Geo. B. Pittenturf appears before you and respectfully asks for your support at the primary election on Sept. 30. A life long resident of Tyrone township, he has always worked for his party's best interest and was ever to be found in the front ranks when it came to doing good service for the Democratic party. He is the logical candidate for the position and is perfectly capable of filling that office with credit. Mr. Pittenturf is an industrious, hard working mechanic, having followed the occupation of carpenter since a young man. Vote for Geo. B. Pittenturf at the primary election on Sept. 30th and assist in nominating a deserving citizen who will make an aggressive candidate before the Adams county voters if placed on the Democratic ticket for the position that he aspires.

## E. P. WISOTZKEY

Candidate for the Democratic nomination for  
COUNTY TREASURER

Among the many candidates who are seeking the office of County Treasurer appears the name of Emanuel P. Wisotzkey, a resident of the 3rd ward, Gettysburg where he has successfully conducted a grocery store for 33 years, on the corner of Washington and West High Streets. He has reached his fifty-fourth year and has always been a well-known democrat; but notwithstanding his politics he was elected at four different times a member of the town council in a ward that usually gives a republican majority of sixty to eighty votes.

Many of the public improvements in Gettysburg are owing to the business sagacity and the untiring devotion to duty on the part of Mr. Wisotzkey. For twenty-five years he has been a member of the Gettysburg Fire Department and for twelve years he has been Chief of that department, even unto this day.

Public office is public trust, and, hence, whether a man is poor or rich, whether he has been in the field often or the first time, should not govern the voter. Public interests are paramount to private interests, and only those who can be best qualified to advance this public interest should be considered. Those who know Mr. Wisotzkey feel that he is in every way well fitted to take care of this important public trust. A Vote for Mr. Wisotzkey at the primaries on September 30th, will be highly appreciated.

**B**RIGHTEN-UP! Now is the time to protect your home from the storms and snows of the coming winter months, for unless the paint film is sound and in good condition, the frosts and damp will get into the lumber and open up the grain and gradually start cracking, checking and decay. Then there'll be need for repairs, and it's far cheaper to paint now than to repair or rebuild later on.

But when you paint, be sure to use *good paint*. It's always the most economical in the end. Cheap, inferior paints don't last and then you have all the trouble and expense of painting again. You shouldn't figure by the gallon: figure by the surface the paint covers and the time it wears. That's the sensible way.

We recommend Sherwin-Williams Paint, Prepared (SWP), because we know it's made of the purest materials: pure white lead, pure zinc, pure linseed oil and driers. SWP represents the most scientific combination of these ingredients, mixed and ground by powerful machinery. The formula is on every can. SWP is the best paint to use, covers the greatest surface and wears the longest.

Come in and get a color card and let us tell you what colors will look best on your home.

**ABOUT 1000 ARRESTS MADE**

Paris Report Says an Ultimatum Has  
Been Given Turkey and an Imme-  
diate Reply Demanded.

Chiasso, Switzerland, on the Italian  
Frontier, Sept. 28. — Advances from  
Rome say that anti-militarist riots  
have started in several provinces and  
cities in protest against Italy going  
to war with Turkey over the occupa-  
tion of Tripoli.

In several of the cities the mobs  
have stopped trains transporting sol-  
diers in connection with the threat-  
ened trouble, and clashed with the po-  
lice, hundreds being wounded.

Approximately 1000 arrests have  
been made throughout Italy.

The revolutionary Socialists, backed  
by the anarchists, are instigating the  
anti-military disorders and have com-  
pelled the government to make great  
display of force to check the plan. In  
several cities the police and soldiers  
have been stoned. In Rome, Milan  
and Florence there were insignificant  
outbreaks, with the throwing of  
stones, but the police were able to  
cope with the mobs.

At some of the meetings the speak-  
ers have gone so far as to glory in  
regicide and saying that the expedition  
to Tripoli was prepared entirely in the  
interest of the dynasty and against  
the welfare of the proletariat.

The general strike called in protest  
against a possible war with Turkey  
failed. Only a portion of the workmen  
deserted their posts.

In the provinces of Ravenna and  
Forli, where the Socialist and Repub-  
lican elements predominate, the dem-  
onstrations have assumed a grave  
character.

A mob, after stopping the trains  
which were transporting troops, stoned  
the cavalry. The rioters used street  
cars to form barricades in the streets.

The women and children were par-  
ticularly desperate, and in instances  
threw themselves across the railway  
tracks in front of the trains, daring  
the engineers to run over them. Car-  
bineers and cavalry repeatedly charg-  
ed these crowds and cleared the tracks  
while the reservists shouted "Viva It-  
aly!" "Viva Italy and Tripoli!"

At Vigevano, province of Pavia, the  
manifestants paraded, led by a wom-  
an, and singing anarchistic songs.  
They stoned the carabinieri who at-  
tempted to head them off, wounding  
some of the soldiers. The crowd boxed  
the ears of a judge who sought to in-  
terfere.

**Ultimatum to Turkey.**

London, Sept. 28. — A news dispatch  
from Paris says that Italy has sent an  
ultimatum to Turkey, saying that the  
latter must agree to an Italian occu-  
pation of Tripoli and that unless a  
reply is received today Italy will im-  
mediately proceed with the threatened  
occupation.

Though Italy has offered to pay a  
heavy indemnity for the cession of  
Tripoli, it is not expected that the  
Turkish government will accept the  
offer, for the Young Turks are a mili-  
tary party and their prestige, already  
damaged by the loss of Bosnia and  
Eastern Rumelia, would suffer an ir-  
remediable blow by the surrender of  
Tripoli without offering armed resist-  
ance.

If war results, there seems, accord-  
ing to English authorities, no possi-  
bility of preventing the conquest of  
Tripoli by Italy. Some German experts  
predict another Adowa for Italy, but,  
while Turkey has from 25,000 to 30,000  
men in Tripoli, the Italian fleet can  
shut off reinforcements of men, sup-  
plies and ammunition.

**MOB LYNCHES WHITE MAN**

Hanging Follows Battle In Which the  
Sheriff and Three Others Are Killed.

Dumas, Ark., Sept. 28. — Breaking in-  
to the county jail here and overpower-  
ing officers in charge, a mob of 100  
men took Charles Malpass, Sr., a  
white man, to a water tank and lynched  
him.

The lynching followed a battle at  
the home of Malpass, in which W. D.  
Preston, sheriff; Barney Stiel, deputy  
sheriff, and two sons of Malpass were  
killed and Malpass wounded. Officers  
have gone to the Malpass home to ar-  
rest the sons. The wife of Charles  
Malpass, Sr., a colored woman, and  
Malpass' younger son escaped during  
the fighting.

days after the death of the wealthy  
financier. The ceremony was perform-

**HEX CAT DODGES**  
**BULLET OF GOLD**  
Feline Blamed For Casting  
Spell Over Family.

**PEOPLE STIRRED BY STORY**

While "Hex" Tales From Tumbling  
Run Have Created Derision, the Au-  
thorities Are Surprised at Number  
of Weird Complaints.

Pottsville, Pa., Sept. 28. — In the  
gray of the early morning a score of  
the more intrepid farmers of Tumbling  
Run Valley and a few interested ones,  
on invitations given by Miss Mary  
Isabella Thomas, who alleges that a  
"hex" or witch has placed a spell on  
the family through the machinations  
of a relative living in Orwigsburg,  
watched in vain for the appearance  
at the farm house of the black cat,  
which the young woman says has as-  
sumed gigantic shape, at times reach-  
ing the maximum height of four feet.  
They waited with a gun loaded with a  
gold bullet, but the feline for the first  
time in many weeks failed to put in  
an appearance.

**Spirit Frightened Away.**

Some of her waiting guests believe  
the evil spirit was frightened away by  
reason of the fact that they carried  
Bibles, crucifixes and talismans to  
break witches' spells. Miss Thomas  
says that the big cat will surely ap-  
pear some morning, and then either  
she or her uncle will shoot it with the  
golden bullet. They have great faith  
in the precious metal messenger of  
death, although lead bullets failed  
them on other occasions. Miss Thomas  
has taken up her residence with a  
neighbor, and the haunted farmhouse  
has been deserted.

Since she made public her state-  
ments that a "hex" is following the  
family, she has had five offers of mar-  
riage. She has decided to accept none  
of them. Mrs. Sarah Potts has offered  
to give her sister, Mary, a home with  
her, despite the fact that she is named  
by the latter as being the author of  
the family's misfortunes. Miss Thomas  
still possesses charms sent to her by  
a California witch doctor, and she  
says that she will guard them closely  
for future use.

**Farmers Wrought Up.**

The farmers of the Tumbling Run  
Valley are greatly wrought up over  
this mysterious "hex" case and want  
the strange affair thoroughly sifted to  
the bottom. The Republican, of Potts-  
ville, the largest daily, in an editorial  
asks for an investigation.

While the "hex" stories from Tum-  
bling Run have created derision and  
laughter in Pottsville, the authorities  
were surprised at the number of weird  
complaints which came in from that  
vicinity. One farmer, who has brought  
a large quantity of milk from the Tum-  
bling Run Valley for many years, de-  
clares that the fresh fluid was disco-  
lored as he brought it to market. There  
were also three automobile accidents  
in that vicinity.

**ATTACK ON LUMBER TRUST**

Substantial Charges Made by Govern-  
ment in Suit Filed at Denver.

Denver, Colo., Sept. 28. — Sensational  
charges that the so-called lumber trust  
completely dominated the lumber  
trade of at least twenty states by  
maintaining a spy system, blacklists,  
divisions of territory and other al-  
leged illegal methods conducted through  
a central agency in Chicago, called the  
Lumber Secretaries Bureau of Infor-  
mation, are made in an anti-trust suit  
filed in the United States court here  
by the department of justice.

len-Waechter, received the French am-  
bassador to Germany, M. Cambon, at  
the foreign office in Berlin and in-  
formed him that Germany has accept-  
ed the latest French proposals con-  
cerning Morocco.

**Defines Rights of Red Cross.**

Washington, Sept. 28. — Definitely  
establishing the relation of the Ameri-  
can Red Cross to the military arms  
of the United States, President Taft  
in a proclamation made public declar-  
ed that the Red Cross "is the only  
volunteer society now authorized by  
this government to render aid to its  
land and naval forces in time of war."

**Bodies of Mother and Son in Lake.**

East Brookfield, Mass., Sept. 28. —  
Bound together by straps about their  
wrists, the bodies of Mrs. Mary Lacey  
and her son, J. B. Lacey, of Fitchburg,  
were found in Lake Mashway. Grief  
over a charge on which the son had  
been arrested is supposed to have led  
them to suicide. Mrs. Lacey was fifty-  
three years old and her son thirty.

**Senora Creel Falls Dead.**

Santa Barbara, Cal., Sept. 28. — Se-  
nora Julia Monax Creel, sister-in-law  
of Enrique Creel, former foreign min-  
ister of Mexico, and one of Mexico's  
richest women, dropped dead while at  
table in her home here. Senora Creel  
had been living in Santa Barbara since  
Diaz was deposed.

## SUYDAM GETS DIVORCE

Papers Were Served Before Wife and Noble Elop.

New York, Sept. 28.—Walter Lispenard Suydam, Jr., of Blue Point, L. I., in the supreme court of Brooklyn, was given a divorce from Mrs. Louise Lawrence White Suydam, who eloped from Blue Point on Sept. 5 with Frederick William Noble, the son of a Brooklyn plumber.

Mrs. Suydam made no contest. Justice Clark heard the evidence and in a short time the interlocutory decree was signed. Ninety days will have to elapse before the decree can be made final.

The trial lasted only fifteen minutes. The affidavits offered for the husband and undenied and unopposed in any way by the wife, have it that Suydam was first informed of her relations with Noble while she was still living with him as his wife and that papers in a divorce suit were drawn before Mrs. Suydam thought of leaving with the young man she calls her "protector."

In other words, the husband, according to the affidavits, made it known to his wife that it was time for her to leave the home. The paper charge Mrs. Suydam with misconducting herself with Noble from June 1 to Aug. 22 last in Suffolk county, and one specification involves a boat trip on Great South bay, near Patchogue.

## GIRL SUSPECTED OF KILLING HER FAMILY

Father, Mother and Two Sisters Succumb.

New Orleans, Sept. 28.—Following a report that the stomach of Elsie Crawford, who died suddenly a few days ago, contained opium, Annie Crawford, her sister, was arrested.

Though no formal charge has been made against the young woman, the police assert there is evidence to warrant holding her.

Elsie is the fourth member of the Crawford family to die under mysterious circumstances in the last four years. In the cases of the father, mother and another sister, no investigation has been made.

Annie Crawford is a beneficiary of insurance policies on the life of her sister Elsie, and is said to have been named as the beneficiary on policies on the lives of her mother, father and the sister, who died last year.

## MISS SEARS A HEROINE

Stopped Playing Tennis to Head Off Runaway Horse.

Boston, Sept. 28.—The successful effort of Miss Eleanor A. Sears, of this city, to turn a runaway horse away from the seats whence a fashionable gallery was watching the matches overshadowed interest in the play in the third round of the annual women's lawn tennis tournament at the Longwood Cricket club.

The animal, attached to a delivery wagon, became frightened and broke through the fence at one side of the courts. He headed direct for the crowd. Miss Sears, who was in the midst of her match with Miss Edith Rotch, of Boston, ran from the court and jumped for the horse's bridle. She failed to grasp it, but her movements made the horse swerve from his course and return to the road, where it was captured shortly afterwards. Miss Sears calmly resumed her play, losing her match, after three hard sets, to Miss Rotch.

## FIVE DROWN IN BUS

Crashes Through Parapet and Falls Into River in Paris.

Paris, Sept. 28.—An auto-omnibus occupied by about twenty persons was crossing the bridge Archeveche, over the Seine near the Cathedral of Notre Dame, when suddenly it left the road way and, crashing through the parapet, fell into the river.

The auto-omnibus was a closed vehicle with the passengers inside. The bodies of five persons, who had been drowned were recovered, and twelve persons alive but unconscious were taken from the water.

Anna Gould's Baby a Prussian Duke. Berlin, Sept. 28.—The royal feudaria certified Charles Maurice Jason Howard, the two-year-old son of Prince Helle de Sagan, whose wife was formerly Anna Gould, as the Duke de Sagan and heir to the Prussian title. The master of Ceremonies Count von Helldorf was appointed his guardian.

## TAFT CONSERVATION PLAN IS OUTLINED

Secretary Fisher Says It is Wise Development.

Kansas City, Mo., Sept. 28.—A brief address by Walter L. Fisher, secretary of the interior, was one of the leading features of the final session of the National Conservation Congress.

"I have just come from Hutchinson, Kan., where I had a long conference with President Taft relative to the policy of my department," said Mr. Fisher. "I find that his views and mine relative to the conservation of the public domain are in complete accord."

"We especially discussed the Alaska situation, so much before the public of late, and found that we agreed completely on a policy for that much misrepresented country. My plans in regard to Alaska are perhaps not ripe enough for a full delineation at this time, but they will constitute a remedy."

"My idea of the proper conservation is a wise development of all the natural resources in the public interest in the broadest sense of the word, which recognizes the rights of all."

## LIBERTE GIVES UP BODIES

Twelve More Bodies Taken From Wreck of Battleship.

Toulon, France, Sept. 28.—Twelve bodies were taken from the wreck of the battleship *Liberte*. The search above the water line is difficult, owing to barriers of crumpled steel that oppose all advance into sections of the holds.

Nothing was discovered leading to the belief that other living men were imprisoned in the wreckage, although this remains a possibility.

The roll of the dead was increased by a half dozen deaths.

A mass of steel hurled from *La Liberté* so injured the *La République* that the latter vessel will be out of commission for some time and will have to be sent to the drydock for repairs.

## Find Four More Maine Bodies.

Havana, Sept. 28.—Four bodies have been found in the petty officers' room of the *Liberte*. The workmen also uncovered the four rear boilers, which had not moved from their original position. The engineers expect to make a rapid search of this part of the *Liberte*, which is less shattered than the forward section. It is believed that many bodies will be found.
